

Dear Rodeos,

Just like 14th November is celebrated as Children's Day, Rodeo celebrated November as Children's Month. All the activities conducted during this month were focused on children and youths.

Our Bhavishya Yaan program has been progressing well in partnership with Rotary Club of Mumbai Salt City at Shri Rajaram Seth High School, Mulund. The program is conducted by VIDYA Integrated Development for Youth and Adults. Besides imparting personality development and lifestyle improvements, they also work on culture and self-development activities. This has a positive impact on children and make them live a happier and healthier life with self-confidence and we are happy to make that difference in their lives.

Another landmark project "Touching little hearts" has touched our chords and as a club, we are supporting this program to give life to young children and little babies as young as 15 days. This is a district project being done along with Kokilaben Hospital. We will be giving new life to more than 20 children and babies this year. We urge all the Rodeos to take turns to visit the hospital and experience the feeling and emotions of the parents and relatives of these children post surgeries. This is truly serving humanity.

Drinking beer was just another normal activity until we heard from Pratik about the art and craft of Beer making. The taste of beer changed after this revealing session and we can now make more informed choices while picking one! Rodeos actively participated in the TRF Centennial races and also won some money through betting. All for a good cause - to serve the society and touch the lives of needy people. We had Rtn. Venkateswaran talk to us on mind power and great leadership principles which opened our minds to be a better leader and human being.

Women empowerment and safety has been a key

focus and with this in mind, we have started a 2 months training program for 80 girls at Tulsi Technical Institute, Chembur. The project has been aptly named as Project Nirbhaya and we will soon have a demonstration of the art and skill of self-defence by these girls in our club. To top it all, we had the Talent Fiesta conducted by our Rotaractors in NASEOH, Chembur. They had conceived, planned and executed this program to clockwork precision by showcasing the latent talents and skills of 175 differently abled special children.

Now we are on to another exciting month of activities in December 2016. We will be having some interesting sessions on Hypnotism and mind power, a journey of the life from Mumbai - Leh - Mumbai, elections of office bearers for 2017-18 and to end the year 2016 on a cheerful note, we will have a Christmas party on 22 December along with our Rotaractors and Interactors. We are also embarking into major projects of Medical camps for nearly 1500 school children, Operation Restore Camp 15 and our mega program of Swaranandwan on 19 December. All these would be possible only with the full support and help of all Rodeos and look forward to the active participation and involvement of all our members in every meeting and every project.

As the sun sets on 2016, a new dawn begins in 2017 and I would like to wish a fantastic year ahead for all of us, our families and dear ones. By serving humanity, we increase our happiness and feeling of fulfilment. Thank you for all your contributions and participation.

Yours in Rotary,

A. V. Suresh
President 2016 - 17

Bhavishya Yaan at Shri Rajaram Seth School, Mulund conducted by VIDYA. The children exhibiting their skills and talents in art and culture. There was a lively participation and excitement all around. Their hidden potential is exhibited in the photos above. Thanks to Rtn. Shobha for her unstinted support and constant follow up on this program.

Paediatric heart surgery : Touching little hearts truly is an inspiring and life changing project of the District. Small babies and children are given a new life through paediatric surgery by Dr. Suresh Rao and team. This truly epitomises service above self. Each one of us can make a difference by just contributing Rs.25,000 per child. Hats off to Rtn. Prabodh for coordinating and spearheading this project.

Athreya Engineering Services

SERVICES RENDERED:

- 1) **DESIGN FABRICATION ERECTION & COMMISSIONING OF FURNACES:-**
 - Online Electrical Furnace
 - Step Cooling Electrical Furnaces
 - Oil Fired "PWHT" Furnaces

WINNING TEAMS ...

Trust each other
Respect each other
Understand each other
Enjoy each other

The annual Talent Fiesta organised by the Rotaractors was a great success. They had worked hard on it and planned it exceedingly well. They made an impact on about 175 differently abled children of various age groups showcasing their hidden talents in painting, arts, craft, culture and theatre. This was aptly held at NASEOH complex in Chembur, a place exclusive for special children and all the participants went with a feeling of being a winner all the way and realised that they were equally abled or more able than others! Kudos to Rotaract President Sneha Shetty and team.

TRF Centennial race was an experience by itself with more than 5000 people assembled at the Mahalakshmi Race course. Besides a lot of fun and frolic mixed with fellowship, the main noble objective was to collect money for The Rotary Foundation. Rodeos had a great time and some also won a lot of money. Will not tell the amount to avoid tax implications... Great day and a great show. Thanks Padma for coordinating the participation and contribution to TRF.

Project Nirbhaya, a program for training women on self-defence and self-protection, was initiated for 80 girls at Tulsi Technical Institute, Chembur. The program is conducted by Oriental Martial Arts Association India who are professional trainers in this field. This is an useful project to nurture and empower the future of our country and make the girls safer and braver. Thank you Puja Puri for taking this initiative. The girls will showcase their learning to us soon.
