

Rotary Deonar

Edition 11

Volume 1

May 2017

Dear RoDeos,

The month of April 2017 started with a soul soothing music program by our Honorary Rtn. Sunita Bhuyan. It was a program with a difference where every participant was totally absorbed and lost in the world of ragas. Sunita handled the program extremely well with glimpses of the basics in music, followed by fundamentals in leadership lessons and ending with some high stirring musical notes. Well, this is just a beginning and there will be many more to come...

RCC was on the forefront in April. We conducted a training program on Organic farming and water conservation organised by IPP Ajit Pappu and Rtn. Sudhir Mehta. It was very informative, educative and attended by many. We will now ensure that a proper implementation plan is in place to convert this training into reality.

Another RCC project undertaken was of the 6 seater toilet blockconstruction along with digging of borewell water source and installation of water purification plant (donated by Andal Cares & Eureka Forbes Institute of Environment) at Bhausaheb Raut Vidyalaya School in Karjat. DG Gopal Rai Mandhania was the chief guest. This entire project was possible due to the committed work done by Rtn. Kulbhushan Jetly and Rtn. Kannan Iyengar. The highlight was the gallery created by them depicting all the work done by Rodeos in RCC over many years in Karjat area in the field of water, sanitation, education, women empowerment, agriculture and creating employment. Once again, it was a very well attended program with active participation by the RCC members too. The DG was very impressed and recognised the great work done by the Rodeos.

Another highlight was the 16th Camp of our flagship project Operation Restore which saw an all-time record of 32 patients. The camp was inaugurated by our chief guest DGE Prafull Sharma along with our guest of honour Sister Sarla Macwan, CEO of St. Elizabeth's Hospital-Malabar Hill. It was a touching moment to see the various burns survivors waiting for a new lease of life with a positive mind and a smile on their face. Our woman of steel, Rtn. Rema Nair along with other Rotarians Vishnu Kamat, Nitin and others had done a lot of spade work and field work to spread the

message and create awareness. The team at NBC under the leadership of Dr. Sunil Keswani did a fantastic job with a lot of enthusiasm, friendliness, love and caring for the patients. With this camp, we have given a new life to more than 350 burns survivors!

April also saw a very diverse mix of speakers. We had a very interesting session with a mathematician named Minoo Jokhi who enthralled the audience with his memory skills and mathematical abilities of playing number games. It was a mind teasing program wherein he taught us the art of associating numbers and other things to improve our memory power. Equally exciting was to hear Ms. Sanjeevani Kher who is an accomplished journalist, author, short film maker, television anchor and a recipient of the Maharashtra State Award for Literature for her book on Sun God. And most importantly, she is the mother of Swati Datye. This meeting was chaired by her son in law, Rajendra Datye, which made it even more interesting as during her talk; she taught all son-in-laws a lifesaving lesson on how to win over the hearts of their wife and mother in law!

We also had a "digital" session which was conducted by District Secretary Rtn. Devang Goradia who spoke about how to use the District and RI websites. He motivated us to qualify for the RI Presidential Citation and requested all members to log into rotary.org which is a treasure of knowledge and best online tool in the Rotary world.

With this, we concluded April with a bang and are now set for a relaxing May with a lot of interesting meetings and fellowships, which will help us bond even better as Rodeos. Though most of you are all set to take your annual vacations, but please do spare time for Rotary in coming May!

Warm regards and best wishes,

A. V. Suresh
President

1st April 2017, Program of Sunita Bhuyan : Our honorary Rotarian Sunita Bhuyan is a violinist of the Hindustani style and is the recipient of the prestigious Indira Gandhi Priyadarshini award for Music. She is also a MBA in Human Resource and is a certified trainer on leadership. She is covered extensively in magazines, media and is internationally acclaimed to be a unique trainer with music as a fulcrum. Through a series of compositions in genres of semi classical, Indo western, folk, Bollywood and International music based on the theory of the “Universal seven notes”, she showed us how music inspires creativity, facilitates health, development and in turn fuels professional growth and leadership skills.

3rd April 2017, Organic farming and Water conservation : Rodeos Ajit Pappu and Sudhir Mehta organised a training program on organic farming and water conservation at our RCC Shelu. This was attended by the local farmers and was addressed by the renowned person Shri Jayaprakash. He talked about the art of organic farming and the ill effects of using too much of manure and pesticides. Articles in Marathi were circulated to the participants to learn and follow the process. Water conservation techniques were also discussed. The participants actively participated in this program and went back with a determination to do better farming.

6th April 2017, Speaker - Ms. Sanjeevani Kher : Ms. Sanjeevani Kher, mother of Swati Datye, the recipient of the Maharashtra State award for literature, spoke on her award winning book on Sun God. This is a book on mythology, culture, folk lore, and also the mystical significance of the Sun in our lives. She has written many books including a Marathi translation on the autobiography of Winnie Mandela. It was one of the most well attended meetings and the audience were deeply involved in every word she said and the contents of the narration.

13th April 2017, Speaker - Minoo Jokhi : MinooJokhi was a miracle man who did a program on Mathematic. He teased the audience with mathematical algorithms and made complicated maths look very simple. He interacted well with the audience and made them participate in the program by teaching them mathematics. He taught the audience the art of improving memory power through associations and also making complex calculations simple. It was an evening with a difference as our minds were put to test. He has done more than 700 such shows across Maharashtra and has been covered extensively in media

27th April 2017, Speaker - DS Rtn. Devang Goradia : Our District Secretary, Rtn. Devang Goradia addressed our club members on the RI website and Rotary District 3141 website. He appreciated Ravishkar for uploading all our projects and programs into the Rotary Deonar website. For those who have not visited our website, we have an earnest request to log in and experience Rotary Deonar in social media and website. Thanks Ravishkar for your prompt uploads every month. Devang also motivated us to fill up details and get the RI Presidential Citation which we did within the next 10 days as promised and received the RI Presidential Citation - the 7th club in the district. Kudos to us!

28th April, RCC Toilet blocks inauguration : Rotary Club of Deonar has been relentlessly working towards the upliftment of the community living in and around Karjat over the last 30 years along with RCCs. We have also built several Toilet Blocks, Check Dams, and Drinking Water Stations for the community. We have undertaken a similar project for holistic development of a very needy school called Bausaheb Raut Vidyalaya School in Karjat. This school had scarcity of Water and Sanitation facilities and RCD undertook the humongous task of addressing it by implementing a borewell, drinking water purification plant in association with Eureka Forbes and Andal Cares and a 6 seater toilet block under District Grant (No. 1744185) with hand wash stations. All these 3 initiatives were inaugurated on 28th April 2017 at the hands of our chief guest District Governor Gopal Rai Mandhania. Rtn. Kannan Iyengar and Rtn. Kulbhushan Jetly worked very hard to execute this project and were spearheading it from the front. Rotarians Padma Kapoor, Satish Lamba, Nalini Iyengar and Jhankar Gadkari were also present at the inauguration. The highlight was the gallery of all our RCC projects created and executed by Rtn. Kulbhushan Jetly and Rtn. Kannan Iyengar. a real masterpiece!

29th & 30th April 2017, Operation Restore Camp 16 : Operation Restore Camp 16 has got a record response of 32 burns patients. This time there was a lot of spadework done by Rema Nair, Vishnu Kamat, Navin, Shilpa, Tanvi, and the team at NBC to promote this project of free surgery and also a number of presentations were made besides media release. The camp was formally inaugurated by DGE Prafull Sharma as the chief guest and we had Sister SarlaMacwan, CEO of St. Elizabeth's hospital, as the guest of honour. This project has been supported equally by Rotary Club of Bombay North and also a number of other clubs in District 3141. We had Rotary Club of Hanging gardens and Rotary Club of Rising Stars as our new co-hosts in this camp. Sister Sarla gave a good presentation on the "Joy of Giving" and also spoke about the various initiatives taken by them including musculoskeletal corrective surgeries. All the patients were successfully operated on and most of the patients were able to go back home with a new lease of life within the first two weeks. Kudos and gratitude to the wonderful team of National Burns Centre under the leadership of Dr. Sunil Keswani for their dedicated and committed service with passion and a smile always. Rodeos Rema Nair, Vishnu Kamat did a lot of work at ground untiringly and relentlessly for a month and Satish Lamba also supported them at the camp. On the whole, we are happy we could make a difference to the lives of 32 more people.
