

Rotary Deonar

Edition 12

Volume 1

June 2017

Dear Rodeos,

Every day has the potential to be the greatest day of our life! And for me, every day was another chance to change something in one's life! And thanks to all you RoDeos for bringing that change together!

We are now coming to the end of yet another memorable Rotary year and this will be our last e-bulletin for this year. Personally, it has been a great learning experience for me and today, I can say, I know a little more about Rotary movement and certainly much more to learn.

This year was a year of fellowships and good projects touching the lives of over 6000 people which helped us earn "Awards and Recognition" in the club as well as at District Level. We did get an opportunity to listen to interesting and diverse speakers to enrich ourselves. Though attendance has been a challenge for the regular meetings, the Rodeos stepped in to help in all the projects to make it successful.

I would like to personally thank all the project chairs and the Board of Directors for their excellent work and support which made this year a significant and memorable one. We continued with all our flagship projects and also undertook some new ones of relevance. We received funding for our projects through our well-wishers and other Rotary clubs, including a sizable CSR donation from a Corporate, which enabled us to take up interesting projects and complete them as well.

The feather in our cap was when Rtn. Kulbhushan Jetly and family decided to become Arch Klumph Society member by contributing USD 250,000 to TRF. He is the

first Rodeo and amongst the few in the Rotary District to become an AKS member.

Overall, we had a fantastic year and now, it is time to celebrate our success together on our Shukriya night on 24 June 2017. Thank you Rodeos and your family for being a part of this journey and I appreciate and acknowledge all your unstinted support and co-operation throughout the year.

I am blessed to have friends like you!

Best wishes,

A. V. Suresh

It is time to celebrate our success & convey our gratitude to all Rodeos who have worked hard to make it a memorable & happy year.

So please do join us with your spouse for our "Shukriya Night" on 24th June 2017 at Bombay Presidency Golf Club from 7 pm onwards. Look forward to seeing all of you!

With best regards,
A V Suresh

KULBHUSHAN JETLY - ARCH KLUMPH SOCIETY MEMBER

Kulbhushan Jetly was born in Amritsar, Punjab in 1944. Graduated in Mechanical Engineering, he came to Mumbai to work with Bhabha Atomic Research Centre. He had a long stint working as a Quality Control Engineer. Having got good exposure to new technology and products. He learned about various equipment that were being imported at huge cost. Kulbhushan left his service and ventured to start his own manufacturing unit. He introduced several new products in the market and commands good respect.

The Rotary journey started in the year 1987, when Rotary Club of Deonar was chartered. Starting as Charter Secretary, Kulbhushan became President in 1989. Those were the times when Rotary took upon itself to eradicate Polio worldwide and Rotarians were focused on this single agenda. Opportunity came the way of RC Deonar- to work

in one of the largest slum area in Shivaji Nagar near Deonar. With missionary zeal Rodeos- members of RC Deonar along with Rotaract Club and Inner Wheel club went to work in Shivaji Nagar. Kulbhushan set upon paid volunteers to innumerate all the children requiring immunisation and held 100 Polio Immunisation Camps in his year as President. A record 65,000 children were immunised and that set in motion Club's long journey in community service.

From Urban to the Rural area, where the real need of community service was required, Kulbhushan with the help of fellow Rotarians started Sanitation & Clean Drinking water Project. The first Matching Grant project worth US \$ 1,03,000, jointly with Rtn. Jaap Vaandrager of RC of Zoetermeer Zegvaart, Netherland was started. Under the project 35 sets of Toilet Blocks & Bore-wells were constructed in 35 villages of Karjat Taluka near Mumbai. Under the Water conservation project, a check dam was built on River Poshir which brought great relief to the Villagers. This was followed by another Matching grant to install Rain Water Harvesting Projects in seven schools.

Kulbhushan has held several position at the district level culminating to Assistant Governor during Rotary Centennial year 2004-05. He is easily moved by the plight of the poor and the needy. He has been instrumental in raising funds for disaster relief and calamities. He believes in first putting hands in his own pocket before asking others. He has great respect for The Rotary Foundation, its programs and the way it functions. He has always been contributing to TRF and has made his entire family Paul Harris Fellow.

R/Ann Manju Kulbhushan Jetly, a Past President of Inner Wheel Club of Deonar, is herself a Major Donor. She continuously supports several projects of Inner wheel. It was her idea that we should stop contributing in bits and pieces. With advancing age, when you are not sure about future, it is better to make big contribution and become Arch Klumph Society member. The act may motivate others with much larger means and larger hearts.

Congratulations

*Dear Vishnudas Kamat
for your meritorious service
across all avenues*

AVENUES OF SERVICE CITATION FOR INDIVIDUAL ROTARIANS

Rotary International recognizes, with deep appreciation,

Vishnudas Krishna Kamat

for outstanding efforts in each of the Avenues of Service.

Ballal Cocktails (May 11) : Our own Ballal Chandrachud along with his daughter-in-law Meghana took the Rodeos through a journey called “The world of cocktails”. Ballal narrated the history of cocktails preparation and this was interspersed with live demo of making different cocktails by Meghana. The Rodeos were treated to a variety of exotic intoxicating cocktails and it was a fun filled evening with lots to drink and eat! Three cheers to Ballal and family.

Dr. Anand Joshi (May 18) : Dr. Anand Joshi enlightened the Rodeos on the myths and reality of hair and scalp care. He explained the essentials of hair care in a simple language. Many Rodeos with hair scarcity were interested in knowing how to get back the youthful look and Dr. Joshi went on to explain the surgical methods of rebuilding hair through transplants. So, there is still some hope for those who want to get back some hair and get back to their youth. Details have been shared for private consultations!

Congratulations to Nandu and his team for all their achievements in Cricket.

Leadership seminar and Kulbhushan Jetly AKS (May 20) : Jhankar Gadkari had organised an interesting and interactive District level program on “Leadership development” by our honorary Rotarian Sunita Bhuyan. It was

a packed audience. What made this a very special day was that, our Kulbhushan Jetly announced his decision to become an Arch Klumph Society member by contributing USD 250,000 over a period of 3 years. The first in our club and zone! Kudos and namaskars to Jetlyji , Manju and family for their big heart and kind soul. This issue of Pulse is dedicated to Jetlyji.

Kanu Gupta (May 25) : This is a classic case of pursuing your passion and ambition in life. Kanu Gupta was a successful investment banker with Goldman Sachs and other reputed organisations until he got an internal call to shift gear and move into his area of passion - food and cooking. He went from being a suited - booted to pony tail person with creative approach to

food and palates. We tasted some awesome chocolates and also learnt the art of food decoration and garnishing. All are welcome to The Secret Supper with a special Rodeo discount.

RCC Organic farming (20 May) : Twenty one farmers from Shelu village came back for a meeting on organic farming and the way forward. They have decided to dedicate a portion of their farm for organic farming, start with organic farming with rice this crop itself and look at organic manure, fertilisers and other organic materials essential for organic farming. This is indeed a good step in the right direction taken with the help of Rodeos lead by IPP Ajit Pappu, Rtn. Nandu and Rtn. Sudhir Mehta.

Deepa and felicitation of performers (June 6) : Deepa Sridhar, a communications professional, spoke to us on Public Relations (PR) for brands and the difference PR makes in the corporate world. She gave a real life example of how PR helped negate the sentiments expressed by media and consumers and the power of reaching out to the customers and consumers through social media, mass media and also word of mouth. The Rodeos got very interested in this subject and flooded her with lots of interesting questions. The need of the hour is to get enhance PR for Rotary and Rotary Club of Deonar and see how we can create a positive outreach to the community.

Felicitations: The bright and cheerful children of our Rodeos were felicitated for their outstanding performance in the high school exams. Well done! Congratulations to Hirday Manish Gupta, Tanisi Jayadeep, and Rohan Sudhir Mehta and all the best for a fantastic future ahead! Also kudos to Kunal Gangurde for his bravery and kind heartedness to save an accident victim.

TRF Contributions : Rtn. Meera Chandramouli and Rtn. Shankar Chawla being felicitated for their TRF contributions. Manju Jetly was being felicitated and recognised for her contribution and becoming a major donor too! Thank you all your kind contribution to TRF. Your contribution helps Rotary serve beyond self!

One reason people resist change is because they focus on what they have to give up, instead of what they have to gain.

With Best Compliments from

Induction of Aashish Takia (May 25) : Aashish Takia referred by Rtn. Prabodh Sharma and Rtn. Ganesh Kamat has been inducted on 25 May 2017. He is marketing professional and the founder of a Gourmet Tea company. It is his passion for teas and a strong desire to make the best Indian tea available across the world that made him start Infusion Tea and Coffee co. He says that his purpose to join Rotary is to be of help to the society and pay back to the Planet Earth and its people.

Umeed seminar on Disability (June 11) : Dr. Shankar Chawla took the lead to organise a joint program between RCD, M. B. Barvalia Foundation's Spandan Holistic Institute, and Umeed on Awareness creation on Children's developmental disorders. It was a well-attended workshop of more than 50 doctors and staff who are involved in handing children with special

needs. Thank you doc for making a difference to the community! Special gratitude to Dr. Praful Barvalia, Mr. John Thattil, Dr. Riddhi Mehta and others for their kind help and contribution.

Madhurya Shroff (June 15) : Madhurya Shroff of Annamrita - ISKCON Food Relief Foundation (IFRF) spoke to us on the outstanding work being done by Annamrita Midday meal . IFRF is a non-profit, non-religious, non-sectarian public charitable trust serving more than 1.2 Mn meals a day to the under privileged children to help them stay healthy and study well. She spoke about the efficient way of organising this program and also the international class hygiene and cleanliness standards maintained by them. IFRF has been recognised and rewarded by many national and international organisations for their meritorious work. All it costs is just Rs. 450/- per child per year to be contributed by individuals and this is matched by the Government and other donors. This is truly humane service and request Rodeos to contribute in large numbers and big amounts! Madhurya also spoke to us on Ayurvedic nutrition and the essential need to have healthy fresh food and avoid frozen, packed and fried food to lead a healthy and happy life
